Are you ready for the next level?

Thomashilfen

RECARO AXION 1 Reha

Strong together for the safety of your child

For over 35 years, Thomashilfen has been working with renowned partners such as RECARO to develop rehab car seats that offer optimum protection for children with special needs. These many years of experience are incorporated into the design of our products to ensure maximum functionality, comfort and safety.

RECARO stands for innovative safety technology and quality that regularly exceeds legal standards and convinces parents worldwide. Our common mission:
To ensure the safety and well-being of your child at all times.

Thomashilfen has been supplying special children with rehab car seats for over 35 years. Today, we also use our expertise to develop our own rehab car seats. They incorporate all our many years of experience in meeting the needs of children and parents.

A handwritten signature in black ink, which appears to read "Gunnar Thomas".

Gunnar Thomas, owner

Thomashilfen has the world's largest range of rehab car seats and offers the right support for all ages and disabilities.

Unique mobility:

The RECARO AXION 1 Reha adapts to each child's individual needs. It enhances mobility and perception while ensuring maximum safety every day.

**LIGHTWEIGHT
AT ONLY 6 KG**

The figure shows a selection of accessories.

- **Sound System:** Speakers in the side panels with connector for audiobooks / music.
- **Lateral trunk support with lockable chest belt:** Adapt to the child's body shape.
- **Chin rest / Forehead support:** Stabilizes the head during lateral or forward movement

**UNIQUE
FEATURES**

RECARO AXION 1 Reha

The basic rehab configuration can optionally be equipped with suitable swivel base and / or tilting base

The **SWIVEL BASE** and / or **TILTING BASE** can be supplemented with a wide range of accessories if required. The release lever is conveniently located on the side of the swivel base for easy handling. It can be ordered for right or left-hand rotation.

1 ERGONOMIC HEADREST

Offers optimum head support. It can be adjusted to the child's height in seconds.

2 SOUND SYSTEM

In the side panels - so that the speaker magnet is not too close to the head. *The use of hearing aids or implants is safe.*

3 LATERAL TRUNK SUPPORT

Lateral trunk pads can be velcroed precisely to the large velour upholstery for better upper body support without restricting the user's freedom of movement.

4 ABDUCTION BLOCK

Supports anatomically correct leg positioning and can help prevent or correct misalignments.

5 ISOFIX-CONNECTORS

Quick and easy installation. Safety indicator in green/red for correct anchoring.

6 NEW ACCESSORIES

Chin- and forehead support for head stabilization.

Lateral trunk support, angle-adjustable

The angle of the chest pads can be individually adjusted using the adjustable chest strap to ensure a position that fits the child's body shape.

RECARO AXION 1 REHA

Functions (selection)

SOUND SYSTEM

in the side panels — so that the speaker magnet is not too close to the head.

The use of hearing aids or implants is safe.

LATERAL TRUNK SUPPORT WITH LOCKABLE CHEST BELT

The angle of the chest pads can be individually adjusted using the adjustable chest strap to ensure a position that fits the child's body shape.

TILTING AND SWIVEL BASE

combined for the best possible handling and comfort.

HEADREST

easily and quickly height-adjustable. Grows step by step with the child.

- The innovative high-tech base expands the car seat with a variety of functions, such as a swivel base, a tilt base, or a combination of both. This flexibility enables easy adjustment and increases comfort and safety for the child significantly.

HIGH-TECH COMBINATION

ADAPTER PLATE -
is ALWAYS required
for the following
accessories:

SWIVEL BASE
makes transfer easier,
conveniently accessible
release lever can be ordered
for right or left rotation.

TILTING BASE
allows seat tilting in
4 stages (2.5°/5°/7.5°/10°)
for a relaxed resting
position.

**TILTING AND
SWIVEL BASE**
combined for the best
possible handling
and comfort.

**FOOTREST SUPPORT
FITTING** with or
without **SEATFIX**.

FOOTREST
ensures a stable seating
position, allowing the
child to brace their
feet firmly.

**STAND FRONT,
SEATFIX-ADAPTER OR
STABILIZING BOW**
ensure stable support
of the seat in the car.

ABDUCTION BLOCK
(adjustable) improves leg
control and prevents the
legs from crossing.

ACCESSORIES (selection)

A complete overview of accessories can be found on the online order form.

FOOTREST

ensures a stable seating position, allowing the child to brace their feet firmly.

TABLE, ANTERIOR

promotes the child's upright and stable posture, gives the child all-round support and security. Enables a position without losing support.

SEAT DEPTH EXTENSION

offers more leg support (11 cm / 4.3") and individual adjustment for tall children.

CHIN REST

The adjustable chin rest stabilizes the head during lateral or forward movement.
